

## Bedtime Story For the Little Ones

UNCLE WIGGILY AND THE MUD.

By HOWARD H. GARIS.

"WELL, now for a good adventure today!" exclaimed Uncle Wiggily. Longears the rabbit gentleman, as he hopped away from his newly feathered bungalow one morning. "I hope something really exciting happens," he went on.

"Well, don't have the bungalow catch fire, whatever you do," said Nurse Jane Popsy Wuzzy.

"Not for worlds!" cried Uncle Wiggily.

## HE SUFFERED FOR NEARLY 30 YEARS

Had rheumatism so bad he couldn't turn over in bed—Tanlac brings relief.

"Do you know before I began taking this Tanlac I hurt so bad with rheumatism at times I couldn't turn over in bed," said W. D. Edwards, who lives on Alice Avenue, R. F. 1, Box 105, Austin, Texas.

"I have suffered, nobody knows how much, with rheumatism for twenty-three years," continued Mr. Edwards. "I couldn't sleep at night on account of pain. I could hardly get my coat off. I hurt so bad, my joints were swollen and stiff and my fingers had begun to draw and twist. My knuckles were enlarged until my hands didn't look like hands. They were awful and looked more like I don't know what—hammers than hands. For months at a time I wasn't able to get my clothes off, especially when I tried to do my work and I had to walk with a stick all the time."

"I saw Tanlac advertised in the papers and decided to take a chance on it helping me. Well, it proved to be the right thing and I have already picked up several pounds in weight and feel better than I have in many years. I sleep good every night, eat hearty and I don't feel the rheumatism at all. I can get my coat off as well as I used to, and feel ten or fifteen years younger. I feel that I am a well man already, but I am going to keep on taking Tanlac until I am satisfied my very best of health and rheumatism is out of my system. Tanlac is the greatest medicine I ever heard of and I'm now sixty-three years old. Just to think what a dreadful fix I was in and now I don't have to use a walking stick. Why, I can get about like a young man and I just can't praise Tanlac enough."

Rheumatism is not only one of the most prevalent, but one of the most painful and difficult to cure of all present day diseases. When the digestive organs and bowels are not working properly, and the kidneys, which accumulate in the joints and other parts of the body and produce the condition known as rheumatism. Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by acting directly on the vital organs, toning them up and enabling them to perform their proper functions so that the impurities are eliminated from the system in a natural way. Liniments and external applications, as a general thing, only give temporary relief. Tanlac is a constitutional treatment and gets right at the root of the trouble by removing the cause.

Tanlac is sold in El Paso by Kelly & Pollard and People's Drug Store—Adv.

## PIN THIS UPON WIFE'S DRESSER

Warns women against cutting corns and says they lift right out.

Because static electricity that women crowd and buckle up their tender toes with high heel shoes, and the friction of the corns, then they cut and trim at them, the painful pests which merely make the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freestone applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freestone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is kumby but it dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.—Adv.

## AN AGED COUPLE

Tell How They Regained Strength and Vigor.

Steuenville, Ohio.—"My husband is 75 years old and I am 78 years of age and we are our good health to Vinol, the greatest strength creator and medicine there is. When either one of us get into a weakened, run-down condition, Vinol has never failed to build us up and restore strength. We have often said we would not be living now were it not for Vinol."—MRS. A. A. EDE.

## FRECKLES

March—Worst Month For This Trouble—How to Remove Easily.

There's a reason why nearly everybody freckles in March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of othine, double strength, from your druggist and apply a little of it night and morning, and in a few days you should see even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if othine fails.—Adv.

Meat Brownies.

CUT four large tablespoons of brown sauce into steppan with one onion chopped fine, and a tiny dust of sugar; boil down to half the quantity, then strain and mix with six tablespoons of ragout made with four tablespoons of cooked chicken of cooked tongue, all cut into little dice shapes, then put aside till you have some puff paste rolled out thin, then cut it out in rounds about two inches in diameter. Wet the under part of the rounds of paste and then put about a teaspoonful of the ragout one of them, then place another similar round on the top, press the edges together and dip into whole beaten up egg and fry in hot fat about ten minutes. Then dish up and garnish with watercress.

Any cold minced meat can be used for filling. (Tomorrow—iced pudding.)

## Questions.

DEAR Miss Forbes—Will you please give me a list of reducing exercises and a list of non-fattening foods? Please let me know if there is anything to say.—Confidential.

Very nearly any exercise that twists the body in a good reducing exercise. For foods—oysters, fish, gluten bread, lettuce, green vegetables, fruits (except grapes and bananas), meat jellies, tomatoes, peppers, olives, pickles. Food is not very fattening.

However, it is the combination of foods rather than the kinds that makes one fat. There is never any charge for advice. I am always glad to be of help.

DEAR Miss Forbes—I would like to ask a question of you on the war, which is a dispute across ocean, and have you answer it in your column as soon as you have sufficient space. Did the German submarine "Bremen" ever arrive in an American port? If it did, which handed first, the "Bremen" or the "Deutschland"—Louise Kuper.

The "Bremen" never arrived, its fate is one of the mysteries not likely to be explained till this war has ended. The "Deutschland" docked at New London, Conn., twice, but never arrived upon its promised third visit.

"The Twins"—The girl you mentioned sent me a self-addressed stamped envelope and I sent her the recipe for the remedy. I will send it to you gladly, if you will send me your address as she did.

An "Orange" Reader—Send me a self-addressed stamped envelope and I will send you the recipe.

M. F.—I did not receive any self-addressed stamped envelope with your letter, nor any address to write to.

DEAR Miss Forbes—I have been troubled by pimples caused by blackheads for the last few months; these leave blotches which take a long time to disappear. I should be grateful for a prompt solution of the difficulty.—A Reader.

The pimples are caused by impure blood, which comes from poisons that have formed in the stomach and bowels, due to eating the wrong foods. The blackheads are the result, not the cause.

## HOROSCOPE

Saturday, March 31, 1917.

ACCORDING to astrology this is an unfavorable day, for Saturn rules with evil power.

Under this way, agriculturists are likely to meet with losses and heavy storms may bring serious damage.

It is not an encouraging rule for anything dependent on excavation for success. Subways and mines have a forbidding outlook while this configuration prevails.

Warning is given that serious damage may be done in an underground passage, due to an explosion.

The Panama canal has a sinister sign today. There has been an often-repeated prophecy that there will be an accident that will be costly to the government in more than one way.

Next month probably will be a time of unsettled national affairs, for the affliction of Mercury and Saturn presage excitement and anxiety.

While the spring equinox brought little promise of a clearing of the European horizon, or a diminishing of care for the president of the United States the forecast for the summer quarter is not reassuring.

At Washington, where Mercury and Mars will be in the sixth house when the Sun enters Capricorn, a serious naval disaster is threatened. Foreign affairs will be embittered instead of improved, the score declares, and the war cloud hovering over the United States will not have disappeared.

As the stars indicate disputes in the senate, an extra session of congress appears to be probable.

A religious crusade against places of amusement will be carried on in western and southern cities. It is prognosticated.

A new vogue for simplicity in dress, manners and scale of living is prophesied.

Persons whose birthdate it is may be inclined to waste too much money on pleasures, during the coming year. Business trouble may be encountered.

Children born on this day may be rash and impetuous. These subjects of Aries are usually enthusiastic, and not easily discouraged. Tremendous will power is likely.—Copyright, 1917, by the McClure Newspaper Syndicate.
